

Dear Families,

I am thrilled to be the new McAlear principal. I am very, very excited to join the staff and to begin our year together in the “NEW” building!

I need your help! We have much to accomplish in our building readiness for students on September 2.

Although our building is close to operational, the office and classrooms are still not ready for business. We are hoping that our computer and phone systems will be up and running by the middle of next week. Our office staff will be working diligently for the next few days to get our office fully functional. Many files and other important documentation are still boxed up and in need of organization. In accordance, our teaching staff will also be working very hard in organizing the wonderful new classrooms the week of August 25th.

You may have noticed that there are still several construction workers and maintenance personnel working hard to get our school ready by September 2nd. Because there is still work to be done by staff, construction, and maintenance personnel, I am requesting that parents give us time right now to ready our building for your children. I realize the excitement you and your children are feeling, and I know you are very interested in seeing the great progress and transformation that has taken place. However, for your safety and the work that still needs to be completed, we are not able to host parents in the building. We are planning a time for all families to tour the school very, very soon.

I am asking you to contact our Student Services Department at 671-8128 the week of August 25th with any questions, or you can email me at ConnorsMI@bcschools.net and I will be in touch with you as soon as possible.

Again, thank you for your patience at this time. It will not be long until we will all be enjoying our new learning facility.

Sincerely,

Michael Connors,
McAlear Sawden Elementary Principal
